

# Eviction Searches

## Search Description:

National database of evictions (updated from public record information including eviction filings as well as possession and money judgments for every Metropolitan Area in the U.S., representing 80% of the population). The search is not limited to addresses provided by the applicant, but also includes undisclosed address information.

### Disclaimer

Since eviction records may not have sufficient information to establish an exact identity, eviction search results should be taken as indicator of information to be verified prior to making a rental decision. Unless such information is verified with regard to the consumer who has made the application for residency, eviction information should not be used.
